“As a first timer with no previous knowledge of nails, I was worried how the course would go. I left with lots of knowledge and good practical techniques. Tutor was brilliant, answered all questions I had. Going forward I feel more confident on my journey to become a Nail Technician!”

Completing my skincare course online during lockdown got me started and I've now achieved my VTCT in Beauty to open my salon. Totally recommend TBA!”

Classic Individual Eyelash Extensions Course

★★★★★ Fantastic course

I loved training with the beauty academy, I chose to do the classic lash extension course which was so much fun. I thought it would be quite difficult but with help from our fantastic tutor summer we all seemed to pick it up straight away and it was a very enjoyable experience. The academy in Harlow was in such a lovely location, a little bit off road but the postcode takes you straight there on the sat nav. There was about 7 of us to one course so it was intimate and not too overwhelming, we had enough attention each from the tutor if we needed help with anything. Everyone was so lovely and I was made to feel welcome and comfortable and supported. Summer was very knowledgeable and gave us lots of business advice and tips to get us started on our lash journey, I came away feeling confident and informed and excited to start my journey. I will definitely be going back for the Russian course and others in the future and I would Highly recommend this academy to anyone wanting to start their own business/side hustle. The courses are so affordable for everybody no matter your financial situation. Thumbs up from me!
